Homework 2: Horseshoe Vortex Method

Isaac Gibert, Ian Martorell, Sara Piñeiro, Esteban Ruiz, and Eduard Sulé $220024 - {\sf Aerodynamics}, \, {\sf UPC} \, \, {\sf ESEIAAT}$

Dated: January 2016

1. Efecto del alargamiento en el $c_{L,\alpha}$

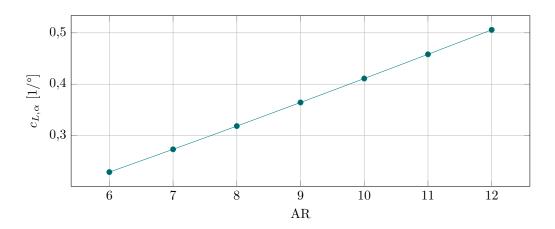

Figura 1: Caption

2. Efecto de la flecha en el $c_{L,\alpha}$ y el x_{ac}

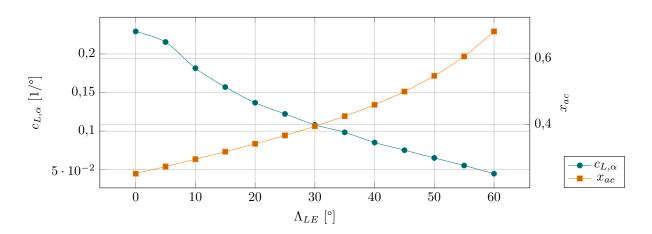

Figura 2: Caption

3. Efecto del estrechamiento en la distribución de sustentación local

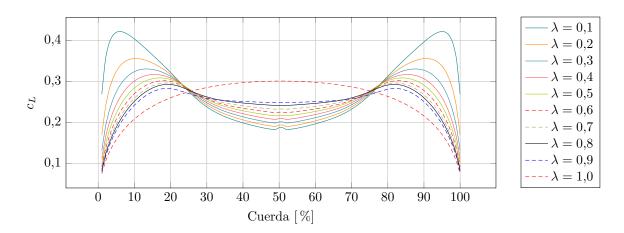

Figura 3: Caption

4. Efecto del estrechamiento y la flecha en el factor de eficiencia de Oswald

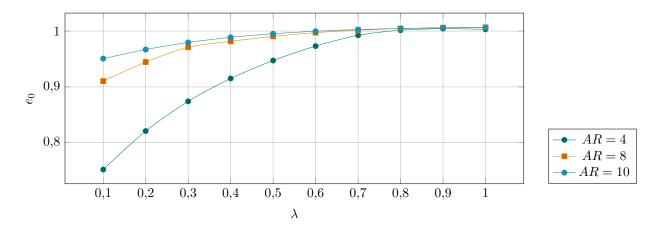

Figura 4: Caption

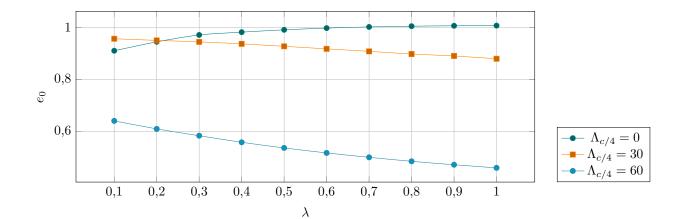

Figura 5: Caption

5. Apéndice: Código
